

The Center for American Archeology in Kampsville, Illinois is pleased to announce expanded field school opportunities for the 2009 season, including new college-credit courses in advanced topics.

Non-credit geoarchaeology workshops will be held on the weekends of May 16-17 and August 15-16. These workshops give each student a greater understanding of soils, sediments, and landforms, and teach the utility of geoarchaeology within contract and academic archaeology. Tuition is \$200, including room and field lunches. For more information visit:

[http://projectpast.org/gvogel/geoarch\\_wrkshop/geoarch.html](http://projectpast.org/gvogel/geoarch_wrkshop/geoarch.html)

For-credit courses are taught at the Center's campus in Kampsville, Illinois, with college credit offered through Arizona State University. In most cases, credit is transferable. Courses may be taken for graduate or undergraduate credit. For more information visit: <http://shesc.asu.edu/kampsville>

For-credit six-week courses offered this year include:

Human Osteology, taught by Dr. Jane Buikstra. June 14 - July 18, 9 credit hours.

Field Archaeology (geophysical testing and excavation), taught by Dr. Jane Buikstra, Jason King, Dr. Ken Kvamme, and Dr., Gregory Vogel. June 14 - July 18, 9 credit hours.

Archeometrics, (geophysical testing, GPS, and GIS), taught by Dr. Ken Kvamme, Dr. Fred Limp, and Dr. Gregory Vogel. June 14 - July 18, 9 credit hours.

In addition, the following for-credit two-week courses will be offered:

Archaeobotany, taught by Dr. Gayle Fritz. July 30 - 21, 3 credit hours.

Chronometry, taught by Dr. Stacy Lengyel and Dr. Chris Widga. July 27 - August 7, 3 credit hours.

Faunal Analysis, taught by Dr. Terrance Martin and Dr. Bonnie Styles. August 3 - 14, 3 credit hours.

Geoarchaeology, taught by Dr. Gregory Vogel. July 27 - August 7, 3 credit hours.

Geophysical Survey, taught by Dr. Ken Kvamme. June 14 - 27, 3 credit hours.

Historical Archaeology, taught by Dr. Jamie Brandon. July 27 - August 7, 3 credit hours.

Pollen Analysis, taught by Dr. Pietra Mueller. July 27 - August 7, 3 credit hours.
