

Guidelines for Preparing Your Proposal for Purdue Studies in Romance Literatures

Proposals may be prepared in English, Spanish, or French. We prefer a proposal of approximately three or four pages. Please send it in printed form; do not send it as an email attachment to be printed out. A writing sample is not required, but may be requested at a later stage. To be considered, the manuscript must be completed. We do not consider manuscripts in progress.

The proposal should contain the following sections:

1. Your contact information
2. Title of the work
3. Length, in words and pages
4. Project description—overview
5. Table of contents
6. Description of chapters—be brief
7. Images in work, and whether permissions can be secured
8. Contribution of the project to scholarship (e.g., first full-length study)
9. Expected market
10. Potential manuscript reviewers with academic affiliations

Send the proposal to:
