ANTHROPOLOGY SUMMER 2020

Module 1

ANTH 10000       INTRODUCTION TO ANTHROPOLOGY
Distance Learning       Schulze       May 18-June 14
A general introduction to anthropology’s holistic approach to human nature and behavior. A basic survey of bicultural development and evolutionary process, and of human uniformity and diversity through time and across space. CRN 22294

ANTH 20500       HUMAN CULTURAL DIVERSITY
Distance Learning       Wirtz       May 18-June 12
Using concepts and models of cultural anthropology, this course will survey the principal cultural types of the world and their distribution, and will undertake a detailed analysis of society’s representative of each type. CRN 11771

ANTH 34000       GLOBAL PERSPECTIVES ON HEALTH
Distance Learning       Wirtz       May 18-June 14
This course examines health issues and risks faced by individuals around the world, but especially in resource poor geographical areas. We will explore in-depth the gendered, ethnic, cultural, and class dimensions that underlie the patterning of disease and illness worldwide. CRN 11890

Module 2

ANTH 20500       HUMAN CULTURAL DIVERSITY
Distance Learning       Carillo       June 15-July 12
Using concepts and models of cultural anthropology, this course will survey the principal cultural types of the world and their distribution, and will undertake a detailed analysis of society’s representative of each type. CRN 12673

ANTH 23500       THE GREAT APES
Distance Learning       Schulze       June 15-July 12
Students will learn about the behavior and conservation of our closest relatives and how early ape studies changed our understanding of what it meant to be human. Topics include gender in science, ethics of research and cross-cultural understandings. No prerequisites. CRN 10425

Module 2 & 3

ANTH 20400       INTRODUCTION TO BIOLOGICAL ANTHROPOLOGY AND HUMAN EVOLUTION
Distance Learning       Auld       June 15 –August 4
This course surveys biological anthropology through a review of evolutionary theory and genetics, the fossil evidence for current theories in human evolution with insight from modern non-human primates, and the influence of environmental stressors on modern human biological variation. CRN 11346

ANTH 20500       HUMAN CULTURAL DIVERSITY
Distance Learning       Huang       June 15 –August 4
Using concepts and models of cultural anthropology, this course will survey the principal cultural types of the world and their distribution, and will undertake a detailed analysis of society’s representative of each type. CRN 19545

ANTH 21000       TECHNOLOGY AND CULTURE
Distance Learning       Pike       June 15 – August 4
This course explores the social dimensions of technology from the perspective of ancient, modern, and post-modern society. Topics include the origins of particular technologies; processes of technical development and dissemination; the politics of everyday artifacts; virtual identities; and technologies of the body. CRN 25770

ANTH 21200       CULTURE, FOOD, AND HEALTH
Distance Learning       Miller       June 15 – August 4
This course is designed to provide an introduction to the field of Medical Anthropology in which we will examine issues related to health and illness from various perspectives outside of the Western biomedical perspective. CRN 12694

Module 3

ANTH 10000       INTRODUCTION TO ANTHROPOLOGY
Distance Learning       Christodoulaki       July 13-August 7
A general introduction to anthropology’s holistic approach to human nature and behavior. A basic survey of bicultural development and evolutionary process, and of human uniformity and diversity through time and across space. CRN 12688

ANTH 34000       GLOBAL PERSPECTIVES ON HEALTH
Distance Learning       Wirtz       July 13-August 7
This course examines health issues and risks faced by individuals around the world, but especially in resource poor geographical areas. We will explore in-depth the gendered, ethnic, cultural, and class dimensions that underlie the patterning of disease and illness worldwide. CRN 12689
