

The Italian program offers language, literature, film, and culture courses. Students may pursue a major in *Italian Studies* and/or a double major in conjunction with other Purdue University degrees. Students can also pursue a minor or a certificate in *Italian*.

Studying Italian language and culture gives students intercultural competence and prepares them for graduate study in international affairs, humanities, the arts and the law and for careers in business, government service, and teaching.

Students participate in the activities of the Italian club. For information contact Annalisa Mosca.

Minors and Majors are also encouraged to join the National Italian Honor Society, Gamma Kappa Alpha. For information contact Prof. Elena Coda.
