ANTH 10000       INTRODUCTION TO ANTHROPOLOGY
MW 12:30-1:20      MTHW Blanton
A general introduction to anthropology's holistic approach to human nature and behavior. A basic survey of bicultural development and evolutionary process, and of human uniformity and diversity through time and across space. (CRN 11017)

ANTH 10000       INTRODUCTION TO ANTHROPOLOGY
Distance Learning    Whalen
A general introduction to anthropology's holistic approach to human nature and behavior. A basic survey of bicultural development and evolutionary process, and of human uniformity and diversity through time and across space. (CRN 69287)

ANTH 20100       INTRODUCTION TO ARCHAEOLOGY AND WORLD PREHISTORY
TTH 10:30-11:20      HAMP 1144   Lindsay
Introduction to the ideas and practices of archaeology that are used in the study of human prehistory, from the earliest stone tools to the development of agriculture and states. Emphasis is placed on the objectives and methods of contemporary archaeology. (CRN 11031)

ANTH 20400       INTRODUCTION TO BIOLOGICAL ANTHROPOLOGY AND HUMAN EVOLUTION
MW 3:30-4:20       PHYS 223     Rowe
This course surveys biological anthropology through a review of evolutionary theory and genetics, the fossil evidence for current theories in human evolution with insight from modern non-human primates, and the influence of environmental stressors on modern human biological variation. (CRN 11033)

ANTH 20500       HUMAN CULTURAL DIVERSITY
Using concepts and models of cultural anthropology, this course will survey the principal cultural types of the world and their distribution, and will undertake a detailed analysis of society's representative of each type.
CRN 11041  MW 12:30-1:20      FRNY G140   Ricke
CRN 58163  MWF 8:30-9:20       STON 217   Whalen
CRN 57499  MW 6:00-7:15       STON 217    TBA
CRN 54814  Distance Learning  TBA
CRN 64560  Distance Learning  TBA

ANTH 20500H      HUMAN CULTURAL DIVERSITY - HONORS
CRN 38319  TTH 10:30-11:45    STON 154   Ricke
GPA of 3.0 or higher

ANTH 21200       CULTURE, FOOD AND HEALTH
MW 10:30-11:20      STON 215    Rowe
This course is designed to provide an introduction to the field of Medical Anthropology in which we will examine issues related to health and illness from various perspectives outside of the Western biomedical perspective. (CRN 69281)

HONR 29900       TECHNOLOGY AND CULTURE HONORS
(Also identified as ANTH 210)
TTH 1:30-2:45           REC 317    Lindsay
This Honors course explores the social dimensions of technology from the perspective of ancient, modern, and post-modern society. Topics include the origins of particular technologies; processes of technical development and dissemination; the politics of everyday artifacts; virtual identities; and technologies of the body. (CRN 14952) This course is only available to students with a 3.0 or higher GPA

ANTH 31100       THE ARCHAEOLOGY OF THE ANCIENT ANDES
MWF 10:30-11:20      REC 307    Whalen
Development of Andean culture from its earliest roots through the Spanish conquest of the Inca Empire in the 16th century. Topics will include first settlement, the development of the first complex societies, and the emergence and collapse of the Inca Empire. (CRN 11474)

ANTH 32700H       ENVIRONMENT AND CULTURE-HONORS
TTH 3:00-4:15         STON 217    Zanotti
This course provides a general overview to the field of environmental anthropology, and surveys key methods, and theories that anthropologists use to interpret human-environment interactions. Topics include culture ecology, agro ecology, ethnobiology, political ecology, and environmental justice. (CRN 13923) This course is only available to students with a 3.0 or higher GPA.

ANTH 33500       PRIMATE BEHAVIOR
TTH 1:30-2:45         STON 154    Remis
This course is an introduction to the primate order and primate studies. The emphasis is on field studies. Ecological influences on social organization and behavior, learning, play, and communication will be considered as adaptations within an evolutionary framework. (CRN 62889)

ANTH 33600       HUMAN VARIATION
MWF 9:30-10:20         STON 215  Rowe
Biological differences between human individuals and groups, causes of variations, the role of genetics, concepts of race, and the interrelationship between the social and biological meanings of race will be considered. (CRN-69289)

ANTH 34100       CULTURE AND PERSONALITY
TTH 12:00-1:15         STON 217    Anderson
An inspection of the dynamic relations between culture and personality, with a view to understanding both culture-specific integration of these phenomena as well as psychobiological universal patterns of human behavior. (CRN 15355)

ANTH 35200       DRUGS, CULTURE, AND SOCIETY
TTH 9:00-10:15         STON 215  Kelly
TTH 12:00-1:15         WTHR 160   Kelly
Cross listed with SOC 352-The course provides an overview of the social and cultural underpinnings of drug use across societies. Students engage with various topics, including addiction, global markets, drug epidemics, public policy, and cross-cultural differences in drug use. (CRN 15471, 17848)

ANTH 37700       ANTHROPOLOGY OF HUNTER-GATHERER SOCIETIES
MW 11:30-12:20           REC 307  Cooper
Selective global survey of societies whose mode of subsistence is/was based on the collection of wild food resources. Topics to be covered include: the development and current state of theory, ecology, social organization, land use, demography, subsistence rights, and worldview. (CRN 11478)

ANTH 378000      ARCHAEOLOGY AND CULTURAL ARCHAEOLOGY OF MESOAMERICA
TTH 9:00-10:15         STON 217    Blanton
Overview of Mesoamerican peoples, cultures and languages from the earliest periods to the rise of civilizations including Aztec, Maya, and Zaptec, Mexico, Guatemala, and Belize. (CRN 11503)

ANTH 379  NATIVE AMERICAN CULTURES  
MWF 9:30-10:20  LILY G126  Cooper  
General survey of North American Indian cultures. Topics to be covered include prehistory; languages; economic, social, and political organization; religion, aesthetics; culture contact and change; and contemporary Native American issues. (CRN 11487)

ANTH 38000 USING ANTHROPOLOGY IN THE WORLD  
MWF 10:30-11:20  STON 217  Nolan  
The use of anthropology in practical contexts. What anthropological practice is, how it originated, how it can be applied in non-academic and interdisciplinary contexts and careers. The main contemporary issues surrounding anthropological practice, including training, ethics, relevance, and rigor. (CRN 58798)

ANTH 39200 ANTHROPOLOGY OF TOURISM AND GLOBAL CULTURE  
TTH 1:30-2:45  UNIV 203  Ricke  
This course focuses on the impacts that tourism has across the globe on host communities and those who visit tourist sites. We explore how tourism influences local cultural traditions and the ways minority groups negotiate their identity as well as the environmental and health effects that result from an influx of tourists. (CRN 69285)

ANTH 40700 THE DEVELOPMENT OF CONTEMPORARY ANTHROPOLOGY THEORY  
TTH 10:30-11:45  STON 217  Briller  
Explores the history of anthropological theories pertaining to the understanding of commonality and variation in human biology, behavior, society, and cultures as they have developed over the approximately two centuries since anthropology was founded as a separate discipline. Considers those social, cultural, and historical factors that have influenced the history of anthropological ideas. (CRN 33370)

ANTH 41400 INTRODUCTION TO LANGUAGE AND CULTURE  
TTH 3:00-4:15  STON 215  Anderson  
An exploration into the nature of human communication, particularly the structures, functions, and substance of human language. Focus is on the interpenetration of language, culture and cognition, on the evolution of language and speech, and on their uses in everyday life. (CRN 44476) cross listed LING 49800

ANTH 50500 CULTURE AND SOCIETY  
T 3:00-5:50pm  STON 154  Khabeer  
An introduction to cultural anthropology for the advanced student. A review will be made of the history of anthropology and its place in the social sciences. Emphasis will be placed on problem formulation and methodology in the study of culture change. (CRN 62893)

ANTH 59200 DEVELOPMENT ANTHROPOLOGY  
MWF 11:30-12:20  STON 217  Nolan  
The use of social science for the design and implementation of change in other-cultural environments, focusing on applied anthropology, the international development industry, and project development. (CRN 68702)

ANTH 59200 APPLIED ANTHROPOLOGY  
Th 4:30-7:20  STON 217  Briller  
How can we apply anthropological concepts and methods to addressing human global challenges? In this class, we will explore extensive history of anthropologists working in applied/practice settings, relationship between anthropological theory and practice, applied anthropology in our discipline subfields, working across disciplinary lines, professional ethics, and job opportunities and skills needed for working in applied/practicing anthropology. (CRN 11492)

ANTH 62000 FEMINIST AND QUEER ANTHROPOLOGY  
W 2:30-5:20  STON 217  Blackwood  
This course explores classic and contemporary ethnographic and theoretical work on sexuality and gender identity at the intersections of feminist and queer anthropology. Through an analysis of sexual, gender and transgender identities in the 20th and early 21st centuries, we will examine the complex relations between sexual and gendered practices, identities, and subjectivities, how these are produced historically, and how they shift over time, especially in the era of globalization. Cross listed with WGSS 68100 (CRN 11495)
