

Add a Liberal Arts Printer from Self Service

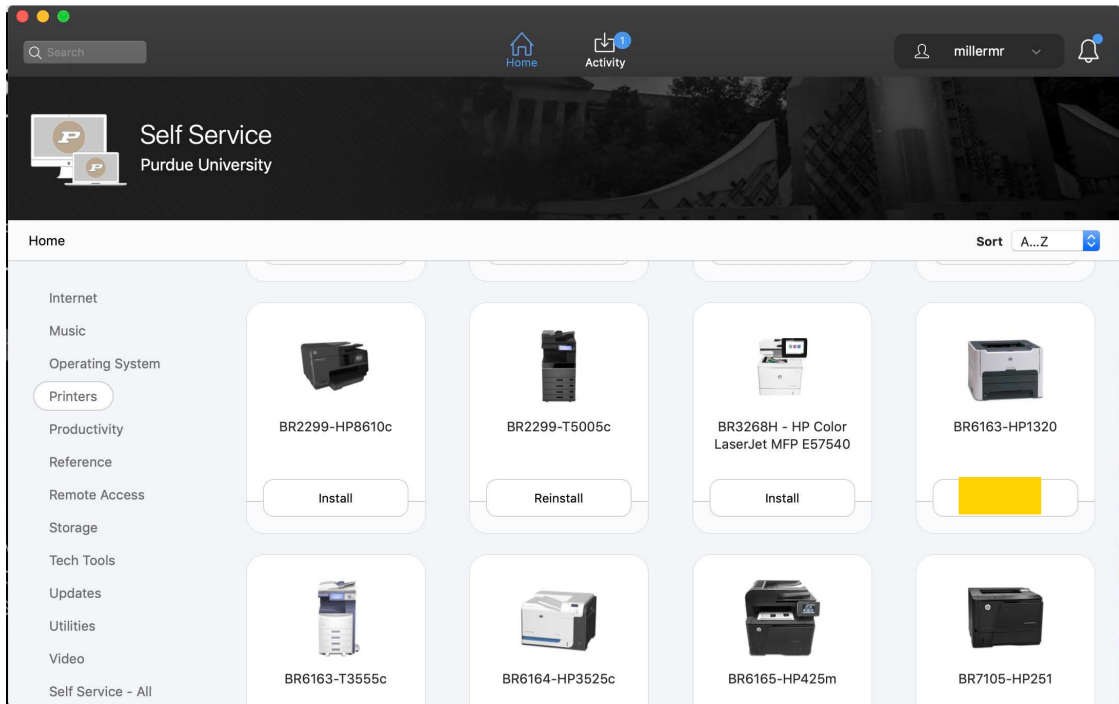

1. Open Self Service from LaunchPad or the Applications folder from the Finder
 - a. Sign in with your Purdue username/password.

2. Click on "Printers" under the Categories section **or** use the "Search" box if you know the printer name or room number.

3. After locating the correct printer click “Install.”

4. The printer will install and a “Done” notice will be shown.
